

Namibian Journal of Environment Volume 1

Section A: Peer-reviewed papers

DF Joubert, A Rust, GN Smit, MT Hoffman (2017) Growth rates and mortality patterns of *Acacia mellifera* subsp. *detinens* in the semi-arid Highland Savanna, Namibia: Encroachment is not as rapid as previously believed. *Namibian Journal of Environment* 1 A, 1-5

D Ward, A Robertson (2017) Oxpeckers in Namibia: A review of their status and distribution in 2017. *Namibian Journal of Environment* 1 A, 6-13

BJ Strohbach (2017) Vegetation of the Auas-Oanob Conservancy in the Khomas Hochland of Namibia. *Namibian Journal of Environment* 1 A, 14-33

ML Hauptfleisch, MP Vinte, N Blaum (2017) A comparison of the community dynamics of bioturbating small mammals between livestock and wildlife farming areas in the Kalahari, Namibia. *Namibian Journal of Environment* 1 A, 34-39

M Rodgers, MC Bilton, ML Hauptfleisch (2017) Responses and feedbacks of burrowing mammals under differently managed rangelands. *Namibian Journal of Environment* 1 A, 40-51

I Zimmermann, M Nghikembua, D Shipingana, T Aron, D Groves, L Marker (2017) The influence of two levels of debushing in Namibia's Thornbush Savanna on overall soil fertility, measured through bioassays. *Namibian Journal of Environment* 1 A, 52-59

A Burke (2017) Biodiversity zoning in the Greater Fish River Canyon Landscape in southern Namibia. *Namibian Journal of Environment* 1 A, 60-71

PL Cunningham, F Detering (2017) Determining age, growth rate and regrowth for a few tree species causing bush thickening in north-central Namibia. *Namibian Journal of Environment* 1 A, 72-76

BA Curtis (2017) The status of *Faidherbia albida* trees in the Hoanib River, Namibia. *Namibian Journal of Environment* 1 A, 77-91

Section B: Open articles

P Andrews, H Pringle, I Zimmermann (2017) Could critical Australian insights illuminate rangeland management in Namibia? *Namibian Journal of Environment* 1 B, 1-6

I Zimmermann, R Matzopoulos, H Kwaambwa (2017) Options to improve soil fertility with national resources. *Namibian Journal of Environment* 1 B, 7-15

B Weber (2017) Addressing informal settlement growth in Namibia. *Namibian Journal of Environment* 1 B, 16-26

K Stratford, S Naholo (2017) Can camera traps count game? *Namibian Journal of Environment* 1 B, 27-31
